

Helping you Control the Direction your Business Takes

Founded by Jay Cousins, The Cousins Group recognizes transforming organizations through innovation is the key to prosperity.

Established in 2001, TCG was created on the principle that companies need to adapt, modernize and be resourceful to generate revenue, make a return on assets and ultimately witness growth.

Over the years, The Cousins Group has developed its own workbench of proven tools and methodologies to capitalize on the evolving nature of business from organizational and operational assessments, strategic planning, mergers and acquisitions to IT project management, system operations and problem management.

Rigorous about allocating and optimizing your IT investment, TCG will constantly measure progress to ensure that your investment is hitting established goals and objectives.

Ascertaining and identifying an organization's internal IT capabilities and business customer needs, TCG are able to fuse critical IT resources toward initiatives delivering them with pinpoint precision.

With over 30 years of experience in business transformation and a team of skilled and proven management experts, TCG is focused on creating a sustainable value for its clients and their customers.

The Cousins Group stands by its consultative approach, building in measurement and feedback loops to evaluate progress against established goals. Accountable to our clients, we help them achieve the highest level of performance and long-term progress.
